

OFFICIAL RULES FOR GOOD SAM'S OF FLORIDA, INC. SAMBOREES & RALLIES

Holey Board (Washer Toss)

You may stand anywhere on front side of board (toes may hang over edge).

When winning score (21 points) or if a washer in a hole makes you over 21, any remaining washers must be thrown and hit top of board.

PENALTY: Washers must be thrown again until they hit top of board.

- This rule also applies if your opponent has scored the winning washer or has gone over 21 and you -still have 3 washers to throw.
- All three (3) must hit top of board or re-thrown until they do.

Games will be 21 points.

- If more than 21 points are scored, that team will go back.

EXAMPLE: If a team has 18 points and they make 5 points, they will go back 5 points from 18 to make their score 13.

- After a team has gone back once, they can score as many points as possible over 21 to win the game.
- If both teams score 21 points on same throw and have not gone back, it will be a tie score and both teams go back to 11 points.
- The team that reaches 21 first or if both reach 21 or more, the highest score over 21 will be declared the winner.

NOTE: If a team reaches 21 exactly without going over and the other team reaches 21 or more but has gone back, the team that scores 21 exactly will be declared the winner.

NOTE: If one washer from each team is in the same hole, they will cancel each other.
